Dear Parents, Grandparents and Carers, Welcome to the latest edition of the MPSS newsletter.

In Term 1 students of each class, under the watchful eye of their teachers, worked intensively on the development of the Polish language. Our youngest pupils from the preschool group gradually familiarised themselves with the new environment and their peers. It's nice to see how supervised by their teacher, they develop cognitive and motor skills while having lots of fun. Dear preschoolers - we welcome you warmly among us! A Class "O" & I (Huurraa- there are as many as 20 of us!), each Saturday learns another new letter of the Polish alphabet. Using the words learned during class time, they make sentences and gradually expand their Polish vocabulary. Interesting things were also happening in Mrs. Małgosia's class. The kids went over the entire Polish alphabet and diligently practiced their reading skills, gradually getting to know their softening and double characters. For this purpose, Mrs. Małgosia uses educational games recently received from Poland, such as: playing at the "Let's go shopping" board game. Our - very grown up students from grades 4,5 & 6, under the watchful eye of Mrs. Basia Magolan, expanded Polish vocabulary and worked on establishing a bond with the country of origin of their parents and grandparents based on Polish legends. During the classes, students also develop their knowledge of issues related to the geography and history of Poland. They used a newly received (via ORPEG) interactive board game from Poland.

The atmosphere in each class is full of positive energy, and the time is filled with intense work on language development. I am enormously lifted up by the enthusiasm and positive approach to learning that our students demonstrate.

A lot is happening in our Polish school! We are delighted to welcome our Playgroup back among us. Our "Hardworking Bees", under the watchful eye of the absolutely exceptional Mrs. Kinga Pacione, are working on an interesting topic each week. There was a spectacular "volcano eruption", there was the legend about the "Wawel Dragon", there was a colourful "Lowiczanka". And we are all connected by happy breaks filled with fun and joyful laughter of playing children. New friendships are being established that we hope will stay with them forever. Thanks to the generous heart of Mrs. Dominika Smutek, children also have fun playing with sports equipment purchased for the school. We warmly invite new students and new families to our school!

With the new term underway, we have recently received a list of updated COVID19 directives from the Department of Education. These include:

- Students are not required to physically distance.
- Staff physical distancing is now recommended rather than required where practicable.
- Detailed restrictions on singing, bands and ensembles and dance and drama have been removed.
- No capacity restriction in offices.
- A strong focus is to be maintained on accurate record-keeping to support contact tracing in case there is an outbreak given the relaxation on other restrictions.
- No restrictions on group work or any school-related activities.
- All visitors continue to sign in each day using the QR Code

These new directives remain in addition to our ongoing standard reminders for all families, which include:

- Keeping your child home when they are unwell, even with very mild symptoms.
- Informing the school immediately if your child is self-isolating or undergoing testing, and informing us of the result as soon as possible.
- The following sickness with flu-like symptoms, ensuring your child is free of symptoms and can present a negative COVID-19 test, before they return to school.

CURRENT INFORMATION

Welcome back "Pracowite Pszczółki"

We are finally back at school! After a long period of waiting due to the coronavirus pandemic, the "Hard-working Bees" Playgroup resumed their activities at our school. Our youngest and cutest children, under the watchful eye of their mothers, fathers and grandmothers, started this school year with great enthusiasm by familiarizing themselves with the school yard, playground and classroom where playgroup activities take place. Mrs. Kinga Pacione, who coordinates "Hard-working Bees" Playgroup, for the very first classes brought to school a model of a volcano, which in a very spectacular way spewed out colourful lava. The little ones squealed with joy watching these happy shows. During the next classes, Mrs. Kinga Pacione familiarised the kids with the legend about the "Wawel Dragon", and she illustrated her story with a series of laminated posters that attracted the attention of listening children. During the classes, the kids, with the help of their parents, made little paper dragons "breathing fire". A week later, one of our dads showed up with a guitar. So it was joyful singing of children's well-known hits such as "The old bear is asleep" or "The train is coming from far away". But our singing dad wasn't the only one playing instruments. The little ones bravely accompanied him on tambourines, cymbals, rattles and triangles. The last two Saturdays were devoted to Easter traditions. Children made a little paper girl from Lowicz wearing a colourful skirt and decorated Easter eggs. Our Playgroup is fun, interesting and enjoyable! We invite parents with babies and toddlers to join us next term!

CURRENT INFORMATION

On Saturday, 27 February 2021 at 9.30 am, the **Annual General Meeting** was held during which elections to the **School Committee for 2021** were carried out. During the meeting, a detailed financial settlement for 2020 was presented. I would like to inform those of you, who for various reasons could not be present at the meeting, that it is possible to receive an email copy of the financial settlement for the previous school year. If you are interested in obtaining it please contact either me or the School Treasurer.

I would like to take this opportunity to thank Mrs. **Helena Kokoszka**, who was our Public Officer since the school was first established and to our Vice-President—Mrs. **Agnieszka Godden**, who due to change of home address can no longer take active part as a Committee member for their exceptionally diligent and thorough work. Both Helena and Agnieszka were an extremely valuable pillars of our school. I greatly appreciate their professionalism and support.

I would like to extend a warm welcome and introduce the two new members to the School Committee—Kinga Pacione and Jolanta Rybuś.

Below is the full composition of the **School Committee for 2021**, the body that oversees the activities of our school:

◆ President	Dominika Herdzik
◆ Vice-President	Kinga Pacione
◆ Public Officer	Anna Nowicka
◆ School Coordinator	Bernadeta Kawa
◆ Treasurer	Hanna Beshai
◆ Secretary	Jolanta Rybus

Thank you very much for your presence, for your energy, and ideas on improving the school for our children and the community!

CURRENT INFORMATION

Security in the Car Park

As usual, I would like to ask all parents to keep the car park safe. Please remember; there may be children about. As you leave the school, please remember to keep a watchful eye, **and hold your child's hand** whenever in the presence of vehicles.

Food Allergies

A student currently enrolled at our school has been diagnosed with food allergies. This student is allergic to **eggs, soy and nuts** products. We ask all parents to make sure that these products are excluded from your children's lunchboxes. For now these are the only food restrictions that apply to our students. If these circumstances change and we will find out about any more allergies that affect our children we will immediately notify you via email. Safety of our children is most important. Thank you for your cooperation.

"Creative Kids" Program

With pleasure and real joy I would like to inform all of you that at the beginning of February this year our school was registered a Creative Kids Provider. Thanks to this, each parent or legal guardian can apply for a \$100 voucher for a child being a pupil of our school. At the same time, I would like to thank all of you who handed over the Vouchers in the first term. If you have any questions or concerns, please contact me or your child's teacher.

SUMMARY OF TERM ONE

First Day of 2021 School Year

On

Saturday, February 6 2021, we inaugurated another school year at the Macarthur Polish Saturday School. At 9:00 am in the Church of the Mary Immaculate at Eagle Vale, a Holy Mass was celebrated for the intention of our school students. Under the leadership of Fr. Edmund Budzilowicz, we prayed for God's blessing over the entire school community. Immediately after the Mass. Mrs. Bernadeta Kawa welcomed all gathered parents and grandparents and gave an important overview of the school policies and operating hours. The last point of the day was saying goodbye to one of our valued and loved teachers - Mrs. **Grazyna Pakulska**, who due to personal reasons was unable to continue teaching at our school in the current year. We would like to thank Mrs. Grazyna for her hard work, dedication and support she has shown not only to me but to all other teachers over the past two years. Dear Grazyna, I am absolutely convinced that your students will lovingly remember your fantastic attitude and absolutely unique work ethic as well as all the amazing things they learned in class with you.

It is with great joy that we warmly welcome the new teacher of the combined 4th, 5th and 6th grade – Mrs. **Barbara Magolan**. Basia Magolan is a teacher with many years of experience in working with children. I am deeply convinced that she will become a great support for our team. The first classes after the summer holidays were held on Saturday, February 13. It was a true pleasure to see the smiling and tanned faces of the children who happily greeted each other and their teachers after the long summer break. The main aim of our community school is not only teaching the mother tongue, but also to develop the beautiful friendships that are formed here. On that day, teachers welcomed their students and talked to them about school rules of behavior in the classroom and during breaks. The safety of our pupils is our priority. Dear all! Let's make sure that at the end of the year everyone reaches their goal and feels the joy of a job well done!

SUMMARY OF TERM ONE

Easter Assembly

On Saturday, March 27, 2021, an Easter assembly was held at the Macarthur Polish Saturday School the purpose of which was to present the extremely rich and colourful Polish Easter traditions and customs. The official celebration started at 11:30 AM. This time the Assembly was held outdoors. The weather was perfect. In the morning we were greeted by a beautiful, warm, autumn Sun. Mr. Adam Gajkowski - the President of the NSW Federation of Polish Organizations and Mrs. Jolanta Zurawski - a long-term manager of the Polish Song and Dance Ensemble "Kujawy" have joined our celebrations. With huge pride and joy, I was looking at a group of almost fifty beautifully and festively dressed up students on one side - and on the other - the gathered in large numbers - parents, grandparents and guests who came to see and admire their children and grandchildren perform. All students were dressed in national costumes bought in Poland at the end of last year. These costumes were purchased in part from the "Stronger Communities" Grant and in part from our own resources. The children looked really spectacular in their new outfits. I am sure that we will have many more occasions to show off ourselves to the public - during assemblies and other events.

SUMMARY OF TERM ONE

Easter Assembly

After a short welcome, it was time for the children's performances. We started with the singing of our school song, which in itself gives both performers and listeners a lot of positive energy each time. Then, students from the 5th and 6th class presented Polish Easter traditions and customs. Using words they painted pictures of Easter palms, Easter baskets, a Sunday breakfast and a Smigus-Dyngus on Easter Monday. These verbal images were intertwined with songs. The first of them was entitled "Skacze droga zając" and the second "Ida dzieci ze swieconym". The next performers were class II and III students who used their gigantic Easter egg-shaped cardboard, which they prepared themselves. The main character of their performance was of course ... an Easter egg. Then we sang together another song titled „Pisanki”. After class II & III, class "0" & "I" students appeared on the stage. Little performers were reciting a happy rhyme titled "I tell you, I tell you - what I have with this hare". The children delighted the listeners not only with the fact that they learned their texts beautifully but also with their children's joy and smiles painted on their small faces. After that students from Class "0" & 1 danced to the rhythm of the lively and cheerful song "Kaczuszki (Duckings)." I don't think I will be alone in saying that this dance became the highlight of the whole show. Ah - how much joy was there! It was an extremely colourful and energetic dance that gave everyone a lot of positive energy and joy.

The last and I think the sweetest point of the Easter Assembly was the performance of our Preschoolers. The children, together with Mrs. Ela, presented a dance to the song "They call me Poleczka". Ah, how much charm, grace and sweetness there is in these little ones! You can look and admire them endlessly

At this point, I cannot omit a very important element, which was a beautifully decorated Easter table. It was an extremely important component and at the same time the background for all performances. For the third time, Mrs. Krysia Morawski agreed to prepare it for us. The beautifully decorated Easter table was for children and all of us gathered this day a lesson in itself: a lesson of rich Polish traditions and customs associated with the celebration of Easter. I am deeply convinced that the memories and images of the Easter table will be deeply remembered by our pupils.

After the children's performances, it was time for a snack prepared for us by our amazing mothers from the Parents' Committee. There was of course coffee, tea and lots of delicious cake. I am very grateful to Dominika Smutek, Hania Beshai and Ania Nowicka for their great attitude, help and support. It was also a time for a friendly chat - time for Easter greetings. The atmosphere of the meeting was filled with warmth and kindness. While the guests gathered at the assembly were spending their time talking, the students of our school went in search of chocolate eggs and bunnies. There was so much joy and laughter during the egg hunt. This part of the day was supervised by Mrs. Hania Beshai, who bought these eggs and organized the egg hunt. Hania - thank you very much for the joy you gave all children with your initiative. I would also like to thank our dear sponsors: Marysia and Marek Strzemkowski and Lucyna and Wiesław Pazdzior for funding the lottery prizes.

Summing up, after my favourite poet—Father Jan Twardowski I would like to wish "each and every one in turn Easter joy, which may last despite suffering, truly Christian joy, which lasts even when they are overwhelmed - whether small or big - only human nights."

Bernadeta Kawa

SUMMARY OF TERM ONE

Summary of Term 1 – Preschool

The topics covered during first term include:

- "Grandma's and Grandpa's Day" - we made gifts in the form of key rings.
- "Carnival party" - children brought their costumes - attempts to dress up on their own.
- "The Legend of the Wawel Dragon" – visit from a special guest - Mrs. Kinga Pacione.
- "Body parts" - modelling a human figure from play-dough. Attempts to name known parts of the body.
- "Easter traditions" - decorating eggs with paints.
- In the first term, we learned new songs such as: "My little balloon", "Aaa - two cats", "Hundred years", "They call me a polka", "Old bear", "The train is going from afar".

Every Saturday we also have adventures with a book, i.e. reading aloud to children.

It is a well-known fact that the readiness to write is a very important skill that every child should have before learning to write letters. During term one, we practiced manual skills of preschoolers during classes improving their motor skills:

- Tracing drawing, colouring, painting, during which I paid special attention to whether each child is holding a pencil, crayons or brushes correctly.
- Correct use of scissors intended for 3-4 years olds, arranging fingers in scissors (cutting plasticine rollers, cutting along straight lines, cutting out pictures from newspapers).
- Using various art techniques such as: plucking, gluing, painting, cutting, drawing, etc.
- Using various types of movement games to strengthen the fingers: puzzles, blocks, balloons, soap bubbles, working with dough.

I would like to thank our Preschoolers and their Parents for their exemplary attendance in the first term. I am looking forward to seeing you in term two.

Elżbieta Purchała

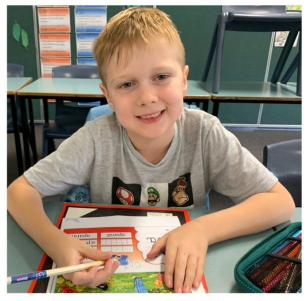

SUMMARY OF TERM ONE

Summary of Term 1 – Class „0” & 1

We started Term 1, 2021 by familiarising children with the principles of safe play rules during class time and during breaks. A conversation was conducted about - why do we attend Saturday classes at the Polish school and what is the purpose of our lessons? We visited the school playground and went to see other classrooms acquainting children with their older and younger students from other grades. Everyone introduced themselves with particular emphasis on new students, trying to make them feel welcome and safe. During the following Saturdays, the letters 'O', 'A', 'I', 'L' and 'M' were introduced to students. During each class, we learned new words in Polish and built sentences based on the words we learned. For example - when introducing the letter "I" we repaired ripped trousers with needle and thread and sewed torn buttons back on. The introduction of new words is always combined with learning how to divide these words into syllables and sounds. The ability to select individual sounds from each word is essential for learning how to read and write at a later stage in the language development of each of the children. Introducing new letters has also been associated with the learning of well-known and popular poems such as: "Glasses" and "Hippo". The topic of the last classes in Term 1 were Polish Easter traditions and customs. The highlight of the day was the performance of children during the Easter Assembly. Our students presented two happy poems and the "Duckling" dance. Dear parents - thank you for your commitment and support in Term 1. I look forward to meeting my dear students in Term 2 with longing and excitement.

Bernadeta Kawa / Urszula Kościńska

SUMMARY OF TERM ONE

Summary of Term 1 – Class 2 & 3

Hello to all parents and grandparents of class 2/3

This school year, the second grade consists of six boys, and the third grade consists of two girls and three boys. Altogether, there are eleven students in the combined 2/3 class. We warmly welcome Mrs Ewelina Cini, who will assist students in improving their reading and writing skills. During the first two weeks of term one, we went over the entire Polish alphabet and consolidated it through exercises in writing and reading, and through various types of educational games. The children remembered all the basic letters of the Polish alphabet very well, and the third grade remembered all the softening and double characters learned a year earlier. Congratulations! In the following weeks we got to know the vowels "ą" and "ę". The next letters that were learned consecutively were: "h", "ch", "rz" and "ż". During the classes we sang simple songs, among them: "The old bear is fast asleep"; "Pele, pele goose go home" and Easter songs. At the end of the term, the students learned about Polish Easter traditions and rituals. We decorated Easter eggs and staged a poem called "Easter egg". We concluded term one with the Easter Assembly. Best regards and see you in term two.

Małgosia Jagodzińska

SUMMARY OF TERM ONE

Summary of Term 1 – Class 4, 5 & 6

There are ten children in grade 4-6. Each student in our class possesses a different level of knowledge and understanding of the Polish language.

Due to the fact that last year's Grade 3 joined class 4-6, the first few weeks were spent on getting to know each other and assessing students language skills.

We repeated the names of the months, seasons and days of the week. We talked about ourselves, the way we look, our interests, our immediate and extended family and good friends.

Term 1 concluded with the Easter Assembly, for which students in grade 4-6 prepared an interesting presentation about beautiful and colourful Polish Easter customs and traditions.

I would like to thank the parents and grandparents for their support and help in preparing children for their performance at Easter Assembly and for their ongoing cooperation during term 1.
