Dear Parents, Grandparents and Carers, Welcome to the latest edition of the MPSS Newsletter.

A month ago when we were finishing Term II no one would have expected that in a few days' time we would find ourselves in this current lockdown situation.

As many workplaces (including schools) are locked down at the moment, we should not give up hope. Even though we are far apart from each other we are still very close.

At this moment in time, the safety and protection of those most medically vulnerable in our communities has been imposed upon us. Whilst in this isolation however, we should not assume that we are alone or that this is a lost opportunity. Looking back I still consider our school community blessed in many ways. Over the last two terms, we have been able to run our classes smoothly and without any distractions. Our students have learnt new Polish words, made new friends and expanded their knowledge of not only the Polish

language but also Polish culture and traditions.

As much as we find our current circumstances hard and difficult we should also take time that would allow us to reconnect with our loved ones.

As we endeavour to live and work during lockdown, it is essential that we keep focused. There will be opportunities and need for work and leisure as much now as at any other time. I would like to emphasise once again that we may be isolated but are never alone.

Please feel free to contact either me or your class teacher if there is anything that

you think we might be able to do to assist you. In the next week or so using our WHATSAPP groups for each class level, your children will be receiving your weekly class work. We strongly encourage you dear parents to find time to go over given work with your children.

Once again, a very big thank you to the staff, students and parents for your flexibility and ongoing support during these difficult times.

CURRENT INFORMATION

Security in the Car Park

As usual, I would like to ask all parents to keep the car park safe. Please remember; there may be children about. As you leave the school, please remember to keep a watchful eye, **and hold your child's hand** whenever in the presence of vehicles.

Food Allergies

A student currently enrolled at our school has been diagnosed with food allergies. This student is allergic to **eggs, soy and nuts** products. We ask all parents to make sure that these products are excluded from your children's lunchboxes. For now these are the only food restrictions that apply to our students. If these circumstances change and we will find out about any more allergies that affect our children we will immediately notify you via email. Safety of our children is most important. Thank you for your cooperation.

"Creative Kids" Program

With pleasure and real joy I would like to inform all of you that at the beginning of February this year our school was registered a Creative Kids Provider. Thanks to this, each parent or legal guardian can apply for a \$100 voucher for a child being a pupil of our school. At the same time, I would like to thank all of you who handed over the Vouchers in the first term. If you have any questions or concerns, please contact me or your child's teacher.

SUMMARY OF TERM TWO

Polish National Celebrations – May 2nd & May 3rd

On Saturday, May 1st, the students of the Macarthur Polish Saturday School proudly celebrated two national May holidays with a short program. The first is the 230th anniversary of the May 3rd Constitution, and the second is the Flag Day traditionally celebrated in Poland on May 2nd. During class time, children made white and red flags, which they then proudly waved while singing the song titled “Mazurek on May 3rd”.

Ah! With what pride and joy we all sang "Wiwat Maj, Piękny Maj! U Polaków bóg raj!".

On the occasion of these beautiful May days, the entire community of the Macarthur Polish Saturday School dedicates this short [video report](#) to all of you, wishing that we would always be proud of our roots Poles and that we teach young generations of Poles in Australia to love and remember their homeland.

SUMMARY OF TERM TWO

Scoutmaster's Szupryczynski Award for Isla & Sebastian

On Saturday May 1st, 2021, during the Academy commemorating the 230th anniversary of the May 3rd Constitution, two students of our school received the Scoutmaster's Witold Szupryczynski Award. For the year 2020, this award was received by Sebastian Bocian (Grade 5), and for 2021 - Isla Budge (Grade 4). The Academy was organised by the Polish Educational Society in NSW, which has been involved in shaping this beautiful, patriotic celebration for over 60 years. For 31 years, the Scoutmaster's Witold Szupryczynski Award has been given out to children and young people of the Polish community who proudly affirm their Polish roots by conscientiously learning the Polish language and participating in various celebrations and academies promoting Poland on Australian soil.

Congratulations to Isla and Sebastian and their proud parents and grandparents!

Dear Isla and Sebastian! We warmly and wholeheartedly congratulate both of you on this very prestigious and well deserved award! You are the pride and joy of our school community! We wish you every success in the next years of learning Polish!

SUMMARY OF TERM TWO

Sandwich fantasies as a gift for Mums and Grandmas

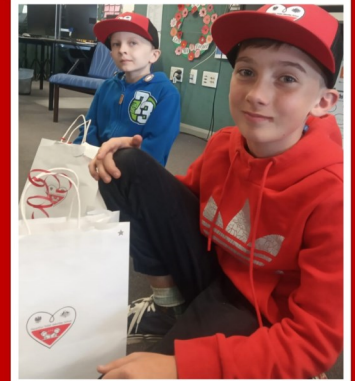

On Saturday, May 8, students of the Macarthur Polish Saturday School as a gift for their beloved mothers and grandmothers prepared an extremely tasty and healthy snack, which were appetizing and colorful-looking sandwiches. The atmosphere in each classroom that day was very energetic and cheerful. Each of the children without exception, put their heart, soul and a large dose of fantasy into preparing that yummy sandwich for their Mum. We started with a thorough washing of those little hands, after which we prepared all the necessary sandwich ingredients. These included: bread, butter, ham, cheese, lettuce, tomatoes, cucumbers, radishes, corn and other products. Now all it needed was a large dose of imagination, which the students of our school certainly do not lack of, and the sandwich fantasies for Mums and Grandmas came out of the children's hands like "spick and span". When the work on preparing sandwiches for mothers and grandmothers was successfully completed, all that was left to do was to feed ourselves. This time the students created sandwiches for themselves and ate them with great appetite. How much uproar and joy there was when at the end of the day the children left the classroom holding in their hands a plate with a tasty looking sandwich prepared as a gift for their Mums and Grandmas. Throughout the school, shouts of appreciation and pride were heard admiring the work of little hands. Dear Mums and Grandmas - we are very happy that, together with your children, we have managed to make your faces smile and thus make a tiny contribution to the celebration of this special day :)

Kid's Day Celebrations

Project co-financed within the framework of Polonia funds of the Ministry of Foreign Affairs of the Republic of Poland"

June 1 is definitely the most beautiful and joyful day of the year - a day when in a special way we realize and appreciate what a great joy and hope for the world our children are. Could you imagine a world without children? What would it be like? I definitely would not want to live in such a world. I am glad that I was raised and grew up in a country where "Children's Day" was celebrated each year. It is a very special day during which we, adults looking at our own children, are trying to discover the child within us.

On Saturday 29th of May we celebrated "Children's Day" at our school . Instead of the usual routine, students had the opportunity to take part in various activities organized for them by the Parent Committee. "Children's Day" project was co-financed within the framework of Polonia funds of the Ministry of Foreign Affairs of the Republic of Poland. We would like to thank the Consul General Monika Konczyk and other employees of the Consulate General in Sydney for their support of this special initiative.

SUMMARY OF TERM TWO

Kid's Day Celebrations

Project co-financed within the framework of Polonia funds of the Ministry of Foreign Affairs of the Republic of Poland"

At 9:30 am, the children met Pierog Wlodek and his cookie friend - the main characters of Mrs. Ania Nassif's book titled "His secret powers". These two brave, bilingual characters were played by the author of the book – Mrs. Anna Nassif and the actor - Mr. Michal Macioch. This interactive performance with Pierog Wlodek was very well received especially by our younger students, who stared with bated breath at the huge puppets visible at the stage.

At eleven o'clock, (of course, out of nowhere) Paul the Magician appeared and entertained not only our little ones, but also some parents and teachers who could not refuse to meet this mysterious visitor. Paul - the Magician absolutely charmed, or rather I should use the word "enchanted" everyone watching his amazing, magical performance. With what joy did I look at the laughing and happy faces of our children?! It was joy and happiness in the purest form ... Moments like this give life its true meaning. After the show, both children and adults thanked the Magician for his performance with thunderous applause, and I allowed myself to notice that the work he is doing is one of the most joyful jobs you can imagine - because constant laughter and joy of children are always present while he works.

The last part of the day the children spent playing various games and physical activities under the watchful eye of Mr. Michal Macioch. From 11:00 to 12:00, the school yard was full of childish uproar, laughter and shouts of joy, all mixed up with cheerful music. Michal began with a musical warm-up. Children were stretching and jumping and doing all other physical activities which, by their very nature, define being a child. Children are very often tireless in their need for physical activity and movement. After the warm-up, the time came for the sports competition. The participants were divided into two groups that rushed to the goal on the races, ran with the ball back and forth, put the ball over their head and between their legs and performed many other fun and happy sport activities. It was really happy, healthy and noisy time - just as it should be during the event such as "Children's Day".

After this highlight of the day, it was the time for a well-deserved meal prepared by our wonderful parents. But wait a minute... I almost forgot to mention that at the end of the day the kids did not go home empty handed. Each of them was given a gift prepared by one of our mums - Mrs. Dominika Smutek - the President of the Parental Committee.

Awww - how much fun the kids had while they were opening their packages!

It is impossible to mention here all those people who supported me in the work on the organization of this event. However, I am tempted to mention and honour several people. I would very much like to thank the Consul General Monika Konczyk and Vice-Consul Joanna Splocharska for their help expressed through "co-financing the project" Children's Day".

Thank you to Lucyna and Wieslaw Pazdzior, whose generous hearts have opened up for us once again. Thank you very much on behalf of myself and the whole school for delicious sausages that you fed our children, parents and us teachers last Saturday. There were enough sausages for everyone. None left and no one missing on them either. I regret that you could not see what taste and appetite that the kids had eating your sausages. Once again from the bottom of my heart. A HUGE THANK YOU!

In conclusion - thank you all for everything! It is difficult to express and describe in a few clumsy words how grateful I am to You Dear Parents for your support and work on the preparation of this day. Let the payment be the smile and joy of children who have benefited from all the attractions of this special day. To sum it up I would like to quote after Pope John Paul II that ***"children are the spring of the family and society, the hope that is still flourishing and the future that is constantly opening"***.

SUMMARY OF TERM TWO

Summary of Term 2 – Playgroup

Our "Hardworking Bees" started with reading the poem "**Śloneczniki i słonko**". This topic was carried out due to the interests shown by one of our pupils. In our classes, we never forget about improving fine motor skills by performing various art classes. This time, the little ones were preoccupied with creating a Mother's Day card. The card was entitled "Sunflowers".

As "Every child is an artist" (Pablo Picasso), our "Pszczolki" created a card similar to Van Gogh's "Sunflowers".

The month of May is always full of very important dates, such as the **May 3rd Constitution** Day and the mentioned above **Mother's Day**.

We celebrated the anniversary of the May 3rd Constitution with the preparation of the Polish flag. The red colour was pasted by the children with the use of red poppies, the white colour was symbolized by the White Eagle.

The children did the assigned work listening to the words of the song titled "3rd May Mazurek".

Another important and beautiful celebration was Mother's Day. The youngest ones prepared their first sandwiches with my help!

Suddenly, beautiful and tasty-looking sandwiches which looked like hedgehogs, mice, cats and suns appeared before our eyes.

This was a great way to encourage the youngest to go on a culinary journey and introduce another topic: "**Vegetables and fruits**". Children and mothers danced to the song "Olimpics in Jarzynowo" (Smile Centre).

An interesting idea for our "Pszczolki" to get acquainted with the aforementioned subject was the experiment: "**Diversity Box**". Carrots, apple, potato and onion were placed in a cardboard box with holes for hands. The children had to guess what was inside. Such a combination of sensory stimulation such as touch, sight and hearing further develops the cognitive skills of our pupils.

The second term was marked by learning combined with great fun. See you soon :) **Kinga Pacione**

SUMMARY OF TERM TWO

Summary of Term 2 – Preschool

During term two, the Preschool Group covered the following topics:

1. **"My way to school"** - we talked about what we see on our way to school, eg cars, houses, trees, people etc. ... Making children aware that we always hold the hand of an adult. Art classes: cutting out elements of houses, trees, animals, cars and sticking them on a sheet of paper.
2. **"Good hygiene means health"** - the main emphasis was on shaping everyday hygiene habits, with a particular accent on the time of the pandemic. Educational game using white foam - hardworking little hands (further development of fine motor skills).
3. **"National Symbols"** – Polish National Emblem, Polish flag and reading the poem "Who are you? Little Pole ". Questions like: Where is Poland located? - showing on the globe. Souvenirs from Poland - children were eager to help put items on the table. Pre-schoolers were asking questions like: What is this?
4. **"Healthy eating"** - introducing the names of fruits and vegetables. A talk about why we should include fruit and vegetables in our daily diet.
5. **"Mother's Day"** - we talked about our parents, spontaneous answers to the question: "Why do you love your mum?" Art classes: cardboard hearts for mums (compositions made using different coloured paper). Preparing sandwiches as a surprise for mums. The children took an active part in tasting the previously prepared sandwiches.
6. **"Picnic in the classroom"** - a blanket, plastic plates, cutlery, cups. Question for children: What do we need to pack when going to a picnic?
7. **"Children's Day"** - active participation in this very well prepared celebration on the occasion of Children's Day. Further development of motor skills (speed, strength, jumping ability). Throwing the ball to the target and the ability to cooperate in a group - deepening social ties with peers. Pre-schoolers also brought their colourful costumes (building up imagination, using polite language forms and helping with changing clothes, developing independence).
8. The last topic was **"Gifts of Autumn"**. Together we looked at the posters showing this season. Paying attention to the need for wearing appropriate clothing during this time of the year. Warm hats, shoes, sweaters and jackets. Art classes: creating a collage of autumn leaves. Every Saturday we start classes with "News". Pre-schoolers bring something special to school and try to tell everyone about what they brought. Then they answer questions asked by other children.

At the end of the second term, a new student joined our class. We cordially welcome Maksymilian and his family to our school community.

SUMMARY OF TERM TWO

Summary of Term 2 – Class „0” & 1

We started term two introducing the letter "T" to the students based on the poem by Jan Brzechwa entitled "Tiger". The children were enthusiastically learning a new, happy poem that we continued to rehearse over the next few Saturdays.

Another topic was related to the celebrations of the **230th anniversary of the May 3rd Constitution**.

During the lesson, students were introduced to the legend of "Lech, Czech and Rus", which explains why our national colours are white and red. We made Polish flags and together we learned the poem by Czesław Janczarski, "Colors of the our country". At the end of the day, students from the entire school took part in a short academy dedicated to the anniversary of celebrating the Constitution of May 3rd.

The next letter introduced to students was the letter "K". During the class, the children learned the words starting with the letter "K", including: kot-cat, kura- hen, krowa-cow, koń-horse, kaczk-a-duck, kogut-rooster and koza-goat. We imitated the sounds of animals and made cat masks. The children had lots of fun trying to recognise each other, which was not a simple task because suddenly instead of 18 boys and girls we had 18 identical looking cats in the classroom.

After the letter "K" it was time for another enchanted letter, which this time was the letter "Y". This letter is sometimes a little difficult for children, especially when it comes to pronunciation, but for a great team like our wonderful students from the combined "0-1" class nothing is impossible! During the class, the students learned that despite the fact that in the Polish language there are no words beginning with the letter "y", it can very often be found at the end or in the middle of many words. We spoke and pronounced words like: domy-houses, buty- shoes, tygrysy-tigers, oczy-eyes, uszy-ears, nosy-noses, sklepy-shops, etc ...

During the next class, the children made a delicious surprise for their mothers and grandmothers, which were extremely attractive-looking sandwiches. Of course, we have also not forgotten about our little bellies, which were previously well fed. We combined the production of sandwiches with further development of the vocabulary with words such as: chleb-bread, masło-butter, pomidor-tomato, ogórek-cucumber, szynka-ham, ser-cheese, etc...

During the course of term two, the children also learned the letters "ę" and "r". During each class, without exception, we sang the songs "Jesienna orkiestra" and "Zima" together. Children truly enjoy our singing time. Every Saturday we spend the last half hour of class reading books from the "Franklin" series. The text is always read in Polish, and then, due to the large number of non-Polish-speaking children, it is summarised in English. Every year, I am amazed by the attention with which children listen to the content of the books they hear. Dear Parents and Grandparents, I encourage you to read to your children books appropriate to their age and cognitive abilities. Reading for a few minutes a day can really do wonders!

With all my heart I thank you dear parents and grandparents for your support and cooperation in term 2.

Bernadeta Kawa / Urszula Kościańska

SUMMARY OF TERM TWO

Summary of Term 2 – Class 2 & 3

Hello to all parents and grandparents of class 2/3

Time is running fast and the second term of the school year is already behind us.

During term two, students learned the following double sounds: "sz" and "cz". Introducing these double signs was based on words such as "szalik (scarf)" and "czapka (hat)". A talk with students about the behaviour and preparations of various animals for the upcoming winter. Familiarising children with a wide range of winter sports using educational posters.

Introducing the first softening "ć" and "ci" based on the words "ćma (moth)" and "babcia (grandma)". We learned how to write a letter to grandma and how to address an envelope.

We celebrated the **230th anniversary of the May 3rd Constitution**. The children learned about the meaning of the following words: constitution, flag, national emblem and national anthem. We memorised the words of Mazurek Dabrowski.

On the occasion of **Mother's and Grandma's Day**, the children prepared beautiful greeting cards and prepared delicious sandwiches. The students' statements about their mothers and grandmothers were extremely touching and very warm.

Dear Parents and Grandparents, I congratulate you on wonderful children. See you in term three :)

SUMMARY OF TERM TWO

Summary of Term 2 – Class 4, 5 & 6

Term two passed unexpectedly quickly.

During term two, we celebrated several important dates: the **230th Anniversary of the May 3rd Constitution, Mother's Day and Children's Day**. Students from grades 4-6 took an active part in all these celebrations.

During the lessons, we talked about how we **travelled in the past and how we travel today**.

We got to know the means of land, water and air transport. We learned what is the best way to get to another city or country.

Using a map we travelled around Poland, we got to know interesting cities and their stories.

The enormous commitment of the students was evident during each class.

I would like to thank parents and grandparents of class 4-6 for their cooperation and help during this past six months.
