Dear Parents, Grandparents and Carers, Welcome to the latest edition of the MPSS newsletter.

I strongly believe that for the majority of us, term one of the current school year was marked by the tragic events taking place in Ukraine. Certainly, none of us expected such a turn of events. When I read about the horrific and unimaginable events in Ukraine, I often wonder how to express solidarity and effective support to the victims of the war, and at the same time maintain relative stability. This stability is indispensable in order to survive the difficult times ahead of us, and especially for our country men and women back in Poland, and to be able, in the long term, to support those who were and will be directly affected by the tragedy of this war. I also agree with those who say that attention, emotions and commitment to the war in Ukraine should be focused on constructive proposals, what we - as the school community and as individuals - can do to help. How to support direct and indirect victims of the war, but also how to symbolically manifest your solidarity with Ukraine. Our school community joined the huge global wave of aid for Ukraine. Thank you to everyone who supported our project. You can read about the details of this project in this newsletter. At the end of this introduction, allow me to quote a person who is my role model and example to follow during these difficult times. Sviatoslav Shevchuk is the Archbishop of the Greek Catholic Church, who did not leave Kiev even during the most difficult times, when the city was bombed. He stands by his sheepfold, pouring hope into people's hearts and lifting up their spirit. "Thanks to Ukraine, a new world will be created, a world where there will be no evil anymore, a world where evil will be defeated. A world where the human being will feel worthy and human life will be respected. Today I would like to thank all those who, together with Ukraine, derive the meaning of their new life from the suffering we experience and show their solidarity with us. I would like to thank the mayor of London and all the people of the English capital city for the fact that, at the urging of our president, they took to the streets of their city to show solidarity with Ukraine. "London

Kids Day 28 May 2022

"The project is co-financed by the Polish diaspora funds of the Ministry of Foreign Affairs of the Republic of Poland"

Consulate General
of the Republic of Poland
in Sydney

On Saturday, May 28, our school trip to the Polish Saturday School in Randwick will take place. Together with the community of the Polish School in Randwick we will be celebrating Children's Day. A Mini-Olympics is planned for this day. Sport activities will be conducted by a professional company named **TRANSFORM-US Fitness for Kids - nominated by the NSW Ministry of Health for 2018 NSW Premier's Awards for Public Service - Tackling Childhood Obesity**. The program of the day looks very impressive. We would like as many children as possible to take advantage of this offer. Our school has already paid off for renting a bus that will take us to Randwick. Mr. Darek Plust confirmed his presence on our trip. We are planning to sing well-known Polish songs on the way to and from Randwick.

IMPORTANT INFORMATION:

1. Please print out and sign the permission form allowing your child to participate in the excursion and hand it to me as soon as possible. Forms will also be available from your children's teachers this Saturday.
2. The bus can seat no more than 57 people. Please, confirm the number of people who would like to take part in our trip by Friday, May 20. My phone number is 0434968575.
3. I encourage you, dear parents and grandparents, to take part in this excursion. I extend my invitation especially to the parents of our preschoolers and children from younger grades. Of course, parents of older children are also welcome. The more of us, the better.
4. The planned departure of the bus from the school grounds is scheduled for 8:00 am. Return around 1.30 pm (I will be in contact with you via WHATSAPP "Polish School").
5. For those of you who plan to travel to Randwick by your own means of transport, please be there no later than 9:15 am. Mini—Olympics will start at 9.30am SHARP.
6. Lunch will be provided on site. Children and parents will receive a hot-dog plus water or juice.
7. Depending on the number of students participating in the event, children will be divided into 6 or 7 age groups. Each group will represent a different country. Students are asked to put on the colors of the country they will represent. Early next week, I will give you the name of the country your child will represent. It is important to dress comfortably.
8. Each participant is asked to bring their own bottle of water.

Please do not hesitate to contact me or your child's teacher if you have any further questions or concerns.

Mother's Day

On Saturday, May 8, we will be celebrating Mother's Day.

I would like to take this opportunity to

extend my warm wishes to all our dear mothers and grandmothers. May the love and grateful hearts of your children and grandchildren be the most beautiful gift on this day and every day of your lives!

On Saturday, February 5 2022 at 9.30 am, the **Annual General Meeting** was held during which elections to the **School Committee for 2022** were carried out. During the meeting, a detailed financial settlement for 2021 was presented. I would like to inform those of you, who for various reasons could not be present at the meeting, that it is possible to receive an email copy of the financial settlement for the previous school year. If you are interested in obtaining it please contact either me or the School Treasurer.

I would like to take this opportunity to thank Mrs. **Kinga Pacione**, who was our Vice-President for the year 2021 for her exceptionally diligent and thorough work. Mrs. Kinga Pacione has been an extremely valuable pillar of our school. I greatly appreciate her professionalism and support.

I would like to extend a warm welcome and introduce a new member to the School Committee — **Mrs. Magdalena Selevitch**.

Below is the full composition of the **School Committee for 2022**, the body that oversees the activities of our school:

SUMMARY OF TERM ONE

Our hearts for Ukraine

I am deeply convinced that the events of the past two months have, to a greater or lesser extent, affected each and every one of us without exception. In my case, initially it was disbelief, then sadness followed by anger, and deep resentment at the fact that history repeats itself again. That there are individuals among us who have learned nothing from the terrible events of the past two World Wars. Today, many of us have recovered from the initial shock of the events that are happening in Ukraine. It's time to think about what we can do and how to help those who need our help these days. Witnessing the response of our country's men and women in Poland and their kindness, compassion and openness to those who flee the nightmare of war, it is impossible not to feel proud that the Poles rose up to the occasion. They open the doors of their hearts and homes and support our eastern neighbours in any way they can. I am really deeply touched by the hospitality that our country men and women show to the Ukrainians. In this flood of pain and suffering there is a spark of hope that good is in a man's heart, that it has not perished and that it can never be uprooted from human hearts. We are the witnesses of this GOODNESS happening right before our very eyes. At this point in time, it is very important to remain in solidarity with Ukraine and not to exhaust the accumulators of empathy and compassion. Help for Ukraine is needed today and will be needed for many weeks or months ahead ... This is not a sprint but a marathon. May we never become unsympathetic to the disaster that befell Ukraine. May we never "get used to" this tragedy. I was very touched by the words of the Archbishop of the Greek Orthodox Church in Kiev who said that **"today none of us has the right to remain silent, because today silence is killing innocent people"**.

SUMMARY OF TERM ONE

Premier's Harmony Dinner

On March 21st we celebrated Harmony Day in Australia. This is a wonderful celebration when in a special way, we can express the pride and joy of who we are and where we come from. Although we come from many different parts of the world, we are united by the fact that we live in this unique place on earth, where different cultures, languages, traditions and religions live side by side in harmony and mutual respect. On March 1 this year, three ladies from our school represented our school community at the NSW Premier's Harmony Dinner with the Prime Minister of NSW - Mr. Dominic Perrottet. This event coincided with the sad news of the war that had broken out in Europe in recent days. Our eastern neighbours are fighting for their home, for the most important values, which are freedom and independence of their country. Dear Ukraine - our hearts are with you! Prime Minister Dominic Perrottet, in his speech during Harmony Dinner, referred very strongly to the recent events in Ukraine. He cited Australia as an example of a country where different cultures and nations live in harmony and respect for the values that are common to us all. Groups representing both Russia and Ukraine were present at the Harmony Dinner. At the same time, he reassured Ukraine of the support coming from Australia's multicultural society. In this war, it is obvious whose side we all should be on. It is a choice between good and evil. Quoting the Archbishop of the Greek Catholic Church in Kiev, Sviatoslav Shevchuk on this important issue, ***"today nobody has the right to remain silent because silence is killing innocent lives. Ukraine is alive, Ukraine is fighting, but today we are asking the world to be in solidarity with us and not to remain silent, because the word saves, the word builds the world. Whereas silence and indifference kill people"***. May we never be unsympathetic to such an important matter, may we always remember to support our brothers and sisters in Ukraine... We cannot remain silent on this matter.

Easter Assembly

On Saturday the 2nd of April, the Macarthur Polish Saturday School hosted an Assembly for the occasion of the upcoming Easter. Easter - is one of the most important celebrations in the calendar of the Catholic Church. The traditions and customs of celebrating these holidays in Poland are certainly one of the richest in the world. On that day, the whole school community shared a very special, festive spirit. The day started with searching for bunnies, eggs and other chocolate treats in each of the classrooms. Easter egg hunt is an event that brings everyone lots of joy and fun. From time to time us teachers could hear shouts of happiness and excitement. Then it was time for a class talk, which was a continuation and at the same time a summary of the previous last two lessons, during which students learned about the rich customs and traditions of Easter celebrations in Poland. Just before 11:00 a.m. children from each class changed into national costumes purchased for them in Poland two years ago. A group of over 40 boys and girls - students of the Macarthur Polish Saturday School presented themselves to their parents and grandparents in these costumes looking truly festive and beautiful. While children were getting ready for the performance, the classroom where the assembly was to be held was slowly filling up with guests. When the teachers brought the children to the classroom, my heart grew seeing on one side the beautifully dressed students, and on the other - their parents, grandparents and friends of our school. We started the assembly by singing our school song, to which the words were written by Mrs. Cecylia Macioch, and then the oldest class performed on the stage. The students briefly introduced the audience to the Polish Easter traditions and customs. During their performance, there was talk of Lent, Palm Sunday, Holy Week, Easter Sunday breakfast and Smigus-Dyngus on Easter Monday. All students deserve great praise for their beautiful reading. After the oldest class, children from grades 2 and 3 performed on the stage. The children recited a poem about Easter eggs and Smigus-Dyngus. They looked really fantastic! After that the children from class 0-1 presented the audience with a short performance about the search for the Easter Bunny.

SUMMARY OF TERM ONE

Easter Assembly

I was so impressed with how well they learned their lyrics. A huge congratulations to both students and their parents. Well done! Finally, our pre-schoolers appeared on the stage. The little ones were wearing cute Easter bunny masks looking very sweet. Three of them recited a short rhyme, which was rewarded with a storm of applause! All performances were interspersed with cheerful, Easter songs. Thank you very much to Mr. Darek Plust for the guitar accompaniment to each of them.

After all the performances were completed, it was time to meet for coffee, tea and cake. The atmosphere of the meeting was really warm and joyful. Among the guests, I should mention Mr. Adam Gajkowski (President of the Federation of Polish Organizations in NSW) and Mrs. Krysia Morawski, who once again prepared for us a beautifully decorated Easter table. The children viewed with great interest and delight all the decorations that Mrs. Krysia brought. Admiring this table was undoubtedly a joy for the eyes and the heart. Looking at it evoked Easter memories from a faraway country ...

I would like to thank our teachers and ladies from the Parent Committee for preparing our Easter Assembly, in particular, Mrs. Dominika Smutek, who funded chocolate treats for our students. Thank you to all those who shared the cake with us and brought the lottery gifts. Thank you to our dear sponsors - Marysia and Marek Strzemkowski and Lucynka and Wieslaw Pazdzior for donating gift cards for Polish delicatessen.

Summing up, after my favourite poet—Father Jan Twardowski I would like to wish "each and every one in turn Easter joy, which may last despite suffering, truly Christian joy, which lasts even when they are overwhelmed - whether small or big - only human nights".

Bernadeta Kawa

The poster features a background of yellow daffodils and green grass with several decorated Easter eggs. The text is arranged in a structured layout with various colored circles and a heart-shaped logo.

Community Language Teacher's Conference

On Saturday, April 23, an annual Conference for Ethnic Language Teachers in New South Wales took place. That day, together with two other teachers, I once again had the pleasure of representing our school in this extremely important event for community language schools. For years I have been very impressed with the momentum with which the Conference is organized. The main goal of the Conference is to improve the qualifications of community language teachers. Together with more than 500 people present at the Conference that day, I had the opportunity to take part in a number of different lectures and workshops. The range and level of training available to participants each year is consistently at a very high level.

Congratulations to the entire Organizing Committee for your great success. Thanks to their hard work, the family of ethnic schools, to which we also belong, flourishes and develops like never before. We are extremely impressed and with the enormity of the work and effort put into preparing this and many other events to support community language schools in New South Wales. On behalf of the Ladies present at the Conference and the entire community of the Macarthur Polish Saturday School, we would like to thank the Organizing Committee for the opportunity to be a part of this event and wish you further successes in the future!

SUMMARY OF TERM ONE

Summary of Term 1 – Preschool

We started the first term in our youngest group with welcoming new students: Sarah, Emilka, Ania, Tomek, Eryk and Michalek. Preschoolers welcomed their new friends with the song "Mr. Bear, it's time to get up" to the well-known melody "Mr. John".

Here it is:

"Mr. Bear, Mr. Bear,

It's time to get up, it's time to get up

Time to say hello, time to say hello

Stop sleeping now, stop sleeping now".

At the end of the song, the child who was holding a teddy bear in his/hers hands greeted the other children passing the teddy bear to them. The greeting song turned out to be a real hit, because for some children the barrier of physical contact was impossible to get over. But a teddy bear can do anything! As a result, the soft toy was a link between shy children and the rest of the group.

Then, when asked how they spent their holidays, the preschoolers agreed that most of them went to the beach. Hence, we moved to the topic discussing the safety rules during summer holidays. The children learned that you cannot go into deep water, that you must not go far away from your parents, that they should stay in the shade between 11am and 3 pm, especially during summer months, they should also drink plenty of water, and that they should swim in an inflatable wheel or inflatable sleeves.

SUMMARY OF TERM ONE

Summary of Term 1 – Preschool

Another topic discussed during Term 1 was **"Insects around us"**. This subject was enthusiastically received by the children, because during these classes preschoolers had the opportunity to observe real insect specimens such as: centipede, snail, spider. Other insects, such as: an ant, a ladybug, a butterfly, a beetle, poisonous spiders and a dragonfly, were represented by plastic toys. The aim of these classes was: observing insects in their natural environment, shaping observation skills, improving visual perception, developing a pro-ecological attitude, assigning the appropriate number of insects to the correct number from 1 to 10 and solving puzzles about insects:

"Its wings are beautiful with patterns

They are all colours

When the hot days come

Children run after them on the meadow (butterfly)

When it's the beginning of summer

She flies from petal to petal.

Thanks to her diligence

I have honey at home for my guests (a bee)

Their hiding place is sometimes a flower,

How many dots - so many years old.

Their wings are dotted,

These are just .. (ladybirds)

The topic of insects has been linked to observation in their natural habitat. To do this, we went outside to look for them. The children spotted a bee, a snail and earthworms. We talked about which one we liked the most and why? I warned the children not to try to touch the bee, explaining what might happen to them! We talked about the colours of the insects. Did they look the same? We tried to determine their size.

Our preschoolers liked these observations very much.

Another topic that we focused on in during term 1 was the topic of **"The countryside and farm animals"**. We read the book "A Year in the Country" and made a chicken and a tractor out of paper.

We also made the flag of Ukraine in the collage technique to express solidarity with our neighbour.

The children got to know the play and the song "The Old Bear is fast asleep" and the poem "Snail, snail, show your horns".

We concluded term 1 with the topic of **Easter** and getting to know the Easter customs in our country. Preschoolers beautifully recited the following poems during the Easter appeal:

"The hare says to the lamb:

What a beautiful Easter egg.

Then a chick came out of the egg,

She ruffled her feathers.

Now she runs, screams loudly:

That he wishes us Happy Easter!"

Our preschoolers also sang the Easter song "With an egg and a hare" in a great way and they were happy to do an easter egg hunt. Thank you very much for all your help and support during term 1 and we look forward to seeing you after the winter break!

SUMMARY OF TERM ONE

Summary of Term 1 – Class „0” & 1

Term One in grade 0-1 passed very quickly, filled to the top with work and fun games. This year, four new students have joined the 0-1 grade. We warmly welcome them to our class group. The new students assimilated very quickly with their classmates. In this summary of Term One, I would like to emphasize very strongly how proud I am of the work of each of the students from grade 0-1. At the same time, I would like to express my great gratitude to the parents and grandparents of each of my students for their support and cooperation in teaching children the Polish language. The material learnt in the classroom has been gone through again at home, which is visible during the classes I conduct. I would also like to thank you for handing in homework on time. During Term One of this year, we learned the following letters of the Polish alphabet and related vocabulary: A, M, T, O, I, S. Students in grade 0-1 have a very diverse level of knowledge of the Polish language, starting with children with a very large vocabulary to children who are just taking their first steps in learning Polish. This requires the teacher to use various methods of work, thanks to which all children, regardless of their language proficiency, can learn new language skills from each lesson. Lessons are conducted both collectively and in small groups divided according to the level of language proficiency. It is important that the child, regardless of their language knowledge, can feel that he or she is making progress and that each lesson is another step forward in learning the mother tongue. Once again, I would like to thank both the children and their parents and grandparents for their cooperation in term one. I am looking forward to seeing you all in term two.

Bernadka Kawa / Jola Rybus

SUMMARY OF TERM ONE

Summary of Term 1 – Class 2 & 3

Hello to all parents and grandparents of class 2/3.

This school year, classes in the second and third grades are being conducted using textbooks developed and edited by teachers from the Polish Saturday School of Sydney in Randwick. The title of the textbook for Term One is ***"Come to my home"***.

The children learned and memorised new vocabulary related to the topic "my home".

During the class, we discussed household chores. We also talked about how to safely use electrical equipment that can be found in our homes.

The students also learned the difficult task of reading the time on an analogue watch. Each of the students made their own watch out of paper. Children enthusiastically tried to learn to recognize the hours on the wall clock as quickly as possible. It was a very healthy competition. During the classes we learned the song "Pan Tik -Tak".

In the following weeks we got to know the vowels "ą" and "ę". Students built sentences using words in which these two difficult Polish letters appeared. We also learned the softening of "ci".

At the end of Term One, students learned about the extremely rich Polish Easter traditions and rituals. We decorated an Easter egg and learned the poem: "Easter egg".

We finished Term One with an Easter Assembly.

I would like to thank all parents and grandparents for their cooperation during Term One and I am looking forward to your helping in the next term of the current school year.

Małgosia Jagodzinska

SUMMARY OF TERM ONE

Summary of Term 1 – Class 4, 5 & 6

This school year, grades 4-6 consists of twelve students. This group of children possesses a very different level of knowledge of the Polish language.

Due to the fact that last year's grade 3 (5 students) joined class 4-6, the first two weeks were spent on getting to know each other and assessing each student's language skills.

We repeated and memorised the names of the seasons, months and days of the week.

This year we work using textbooks written by teachers from the Polish Saturday School of Sydney in Randwick for all Polish community schools in Sydney.

The main topic for term one was: **"School is fun"**. We talked about the duties and rights of the Polish School student, about what it means to be a good friend and student at school. Based on these topics, we got to know a number of new nouns and verbs.

This short term ended with the Easter Assembly, for which students from grades 4-6 prepared and presented texts describing very rich and colourful Polish traditions and customs related to the celebration of Easter.

I would like to thank Mrs. Edyta Storos as well as parents and grandparents for their participation and help in preparing children for the Easter Assembly and for cooperation during term one.
